EDUCATION

Bachelors in Pharmacy	2018-2022	Dr. A.P.J Abdul Kalam Technical University	CGPA 8.87
CBSE (Class XII)	2018	Delhi Public School Ghaziabad, Meerut Road	CGPA 7.9
CBSE (Class X)	2016	Delhi Public School Ghaziabad, Meerut Road	CGPA 9.6

WORK EXPERIENCE

Summer Undergraduate Research Intern at Keck Graduate Institute, California, United States Jun 2021 – Jul 2021

- **Drug Discovery Track:** The project was focused on performing docking experiments using CB Dock to check the affinity between the protein and ligand molecule with the help of Vina scores. We were also required to discover another drug which proved to have greater affinity with the protein molecule by a higher Vina score.
- **Bio-entrepreneurship Project:** It was focused on the scientific, clinical, and commercial analysis along with assessing intellectual property risks and making a recommendation for repurposing LY627-2K (a novel parathyroid hormone (PTH) analogue originally being developed as an improved PTH therapy for Osteoporosis), as a possible treatment for Hypoparathyroidism.
