FUTURE PERSPECTIVE

To achieve knowledge of various tools and techniques and gain exposure to upcoming technologies while being resourceful, innovative and flexible. I think the best way of planning future is to make the most of the present.

CAREER STATEMENT

A well mannered, presentable and determinant with the ability to combine current academic knowledge and theoretical training with practical experience to provide solutions- oriented service. I am amicable by nature and wish to achieve success by acquiring knowledge of upcoming technologies in my field of expertise which will help me for my professional growth along with the growth of the organization. Excellent work ethic, motivated to perform, both individually and in a team.

HOBBIES AND INTERESTS

Curious about new techniques like resin art, mandala art, calligraphy, sand art, macramé, couture. Most of my spare time is taken up stitching and designing ball gowns to basic dresses. Dancing, Acting, singing, rehearsing monologues are my favourite past time. Reading religious books and chanting mantras are soul food for me. Visiting ancient temples are on my bucket list.

DECLARATION: I hereby solemnly declare that all the information given above is true to my knowledge.
